

"What the #%\$&^!?"
by Cap Cid Highwind CapCidHighwind@aol.com

Part III

[The scene opens on the 70th floor of the Shinra Building, which is amazingly still standing after Reno almost blew it up last time...]

Rufus: I think we're all alive...or am I dead? Is it a potato or a pograto?

Reeve: Well, sir, it seems we are alive, but most of Sectors 4, 5, and 0 are up in smoke. I'm not sure exactly why this building is still standing.

Rufus: Because this is the Shinra Building. It musn't collapse under any circumstances. It may only be charred, shattered, and ripped apart, but collapse is not an option.

Reeve: If you say so...

Rufus: Aren't you supposed to be...in the dungeon?

Heidegger: Gya! The project has been put on hold since all our workers were blown to Kingdom Come!

Rufus: Lazy, insubordinates. Did I tell them to die a horrible, fiery death?! You people are worthless.

Cid: Damn, let's get on with it! Where's Hojo?!

Palmer: Hey-hey!! Hojo is living in my ass!!

Cid: What the #%\$&^?!

Barret: Dis foo' always did have problems...

Palmer: You don't believe me?! HUUUUUURGH!!! *Brraaaapp!*

Cloud: Ugh!! Light a match!!

Rufus: Okay. I shall. [Lights a match. The room explodes.]

[Meanwhile in Lucrecia's cave...]

Lucrecia: [Sitting on a rock, hugging Pooky-Wookums, the Stuffed Mako Bear]

Vincent: I am so glad you are happy. But I must go help my friends find that...rapscallion, Hojo.

Lucrecia: [Just continues hugging Pooky-Wookums]

Vincent: ...All right. I'll return later! [And he went away to join AVALANCHE]

Lucrecia: My...Pooky...Wookums....

[Back at Shinra, Floor 70....]

Rufus: That was not necessary....

Cloud: How did we survive the explosion? Moreso...why are we not even charred?

Barret: Don't question the physics of a good story, foo'. Now, where's--

Vincent: [Bursts in] I'm back.

Cid: Where did you go, you friggen' vampiric crumpet?

Vincent: I..went to try and find...Hojo?

Cid: Oh, okay. Well, looks like you failed. We're still tryin' to get Rufus to tell us something.

Rufus: Didn't I already tell you that Hojo was in Costa Del Sol?

Reeve: Well, you did, sir, but since you don't want them to find him and stop him from making our new weapon, you had me make up a lie, which you have ultimately given away now.

Rufus: Oh I see.

Cloud: TO COSTA DEL SOL, MY PALS!!

Cid: Goddammit!! You pussnut!!!

Palmer: That man has some pretty nice 'Get-Away Sticks'.

Rufus: 'Get-Away Sticks'?

Palmer: Yeah...y'know. Legs?

Rufus: Oh? What man?

Palmer: Why, Mister Rogers of course. [Points to Cloud]

Cloud: My name is Cloud.

Cid: Well, whopty-shit. He knows his name. How 'bout that?

Cloud: No..Palmer called me..oh..never mind.

Rufus: You know, I was thinking of Scarlet when I said Hojo was in Costa Del Sol. He's really off playing Hollywood Squares. He's the upper left Square.

Cloud: Is that so? Then off to the set of Hollywood Squares, the Yings to my Yangs!!

Cid: What the #%%\$&^?!

[On the set of Hollywood Squares...]

Butch: Uh..I'll take Hojo to block?

Host: Okay. Hojo, here's the question. "What is the symbol for the element Hydrogen"?

Hojo: It is...wait...hehehe....It's Y!! *Snort*

Vincent: [Sitting in the audience] He lied! The twisted bastard is going to cause that innocent civilian to lose... All I can do is sit back and watch.... Am I about to commit yet another sin?

Butch: Uh....I AGREE!!!

Host: Awww, too bad. You lose. Mukki wins!!!!

Mukki: Hey, bubbly!! [Dances like a fag]

Vincent: Oh no.... More nightmares will come to me--

Cid: Aw, Goddammit. Let's go up there and storm the place!! MOVE!!

Cloud: WAIT!! That's not Hojo!!

Cid: It ain't? Then who the hell is it?

Cloud: It's Hojo's twin brother, Ralph!!

Barret: Hojo be havin' a twin named Ralph?!

Cloud: Yeah! That means Shinra lied to us again!

Cid: Shit....this means we have to go back...

Cloud: ..to the FUTURE!!

Cid: What?!

Cloud: Oh, no wait. Back to the Shinra Building. Right. Sorry.

Barret: Foo' watches too much TV.

[Back at the Shinra Building, Floor 70...]

Sephiroth: I want to know where Hojo is! Tell me now, or I light this rocket which will blow us all sky high!

Rufus: Aren't you supposed to use a knife or something?

Sephiroth: It's a sword....it has a name. Masa--

Rufus: Blah, blah, blah. Listen, just hand me the rocket.

Sephiroth: Oh, sure. [Hands Rufus the Rocket]

Rufus: Thank you. [Stuffs the rocket in his pocket]

Sephiroth: You're wel--HEY!! Gimmie that back!!

Rufus: Sorry, what do you need again?

Sephiroth: Grrrr....

Reeve: Sire, the new couch is here.

Rufus: Why did you just call me 'Sire'?

Reeve: Oh, typo.

Rufus: Typo..? What the....Hey wait, what couch?

Mover #1: Dis couch, bub. Where you want it?

Mover #2: Just set it over there.. We ain't gotta ask 'em nothin'.

Rufus: I don't recall ordering a couch. Especially not one with green and pink polka-dots. What is this?!

Palmer: Oopsie. It looks like Mister Rogers bought the couch as a gift for you.

Rufus: Palmer, please go away before I shoot you in the rotund rumpy.

Palmer: Mister Rogers will teach you a lesson now.

Cloud: [Busts in with the rest of AVALANCHE] AHA!

Palmer: See! There's Mister Rogers now!!!

Cloud: ...My name is Cloud.

Cid: Enough with this preschool "I know my name", shit! Where's the REAL Hojo?!

Rufus: There's a fake Hojo?

Cid: Goddammit!! Just tell us 'fore we kick yer dainty ass!
