

Yuffie:

1. Don't buy a flower from Aeris when you first see her in Sector 8.
2. Talk to Jessie twice on the train home from Sector 8, and tell her you're "Looking forward to it".
3. Don't talk to Tifa while she's behind the bar. If you do, decline her offer for a drink.
4. Say "...Sorry" when she asks you if you've forgotten your promise.
5. Ignore Tifa the next morning; don't talk to her, and go straight to Barret.
6. Get caught by the Security Lockdown; do not reach the end of the train. Force Barret and Tifa to jump out early this way.
7. After defeating Airbuster, before Cloud falls, tell Barret to "Be strong".
8. When Aeris is fleeing the guards, climb up to the top level and tell her to Wait each time. Then, push the *wrong* barrel (so that she has to fight the guard anyway). Do this three times.
9. When Aeris asks if Tifa is your girlfriend, say "Yeah, that's right."
10. When you get to the playground in Sector 6, tell Aeris that you'll "Take her home."
11. Get none of the best items so that Tifa is chosen for the Don's date. When you meet Aeris outside the Don's office, tell her "We gotta help Tifa!"
12. When everyone lands in the sewer, talk to Aeris first.
13. When Marlene asks you how you feel about Aeris, tell her "I don't know".
14. When you first meet Red XIII, tell Tifa to take care of Aeris (keep Barret in your party for *this* battle).
15. After the battle with HO512, split up into a team of Cloud, Barret and Red XIII.
16. When Tifa asks if you can break out, tell her "(Kinda hard)"
17. Think about Red XIII first, Barret second, and Aeris last while you're in the cell.
18. When you finally escape Midgar and have to choose your team, pick a team with Cloud, Barret and Red XIII.
19. In Kalm, after the flashback, tell Barret to "Wait a sec", then "Is that all?"
20. Make a party immediately afterwards with Cloud, Aeris and Tifa. In a house in Kalm, there's a woman who asks you about whether Mako energy is convenient. Tell her "Yeah, maybe". Talk to the girl upstairs, and when she asks you if the old life is better, say "No way".

21. In Fort Condor, disagree twice to the old guy about his plight. After that, you can go into Fort Condor and agree then, but that's up to you.
22. Find Yuffie in Junon Forest. Get her into your party. (Take as long as you like, but this guide will assume you got her first time, and she didn't run away....)
23. On the Cargo Ship, give Yuffie a tranquilizer. (Make sure you bought one in Junon Town.)
24. On the Cargo Ship, tell Aeris "I dunno..." when she asks about the Airship.
25. On the Cargo Ship, when Tifa asks you about war, say "I don't know".
26. At the Gold Saucer, when you split up, talk to Yuffie first, and take her with you (do not choose Aeris or Tifa).
27. When you see Barret again in the Corel Prison, and you're about to go after Dyne, you will be prompted to make a party. Choose Cloud, Barret, and Yuffie.
28. Before entering Gongaga Town, make your party into Cloud, Aeris and Tifa. Then, when you meet Zack's parents, and Aeris and Tifa leave, ignore *both* of them and leave town.
29. Complete the Wutai subquest, and let Yuffie steal your Materia. After you get the Materia back, continue on with the story. You should end up with Yuffie during the date sequence later.
